I. Purpose

The primary function of the Committee is to serve as an independent and objective party to assist the Board in fulfilling its oversight responsibilities for the Company’s accounting and reporting processes and the audits of its financial statements by overseeing and monitoring:

- a. The quality and integrity of financial reports and other financial information provided by the Company to governmental bodies or the public and the independent audit thereof.
- b. The Company’s system of internal controls regarding finance, accounting and regulatory compliance.

internal auditors, employees and others regarding the quality of the financial statements, the system of internal controls and legal compliance.
