

## **CION Investments Boosts Distribution Efforts with New Hire**

*To expand distribution efforts at national broker-dealers and penetrate new distribution channels, CION announces new hire.*

NEW YORK ([PRWEB](#)) November 28, 2018 -- [CION Investments](#) (“CION”) announced that Douglas Buckley has joined as Managing Director. In this leadership role, Doug will be responsible for developing strategic relationships at large national broker-dealers as well as growing new distribution channels to increase brand awareness of CION’s suite of product solutions.

Prior to joining CION, Doug was most recently Vice President and Strategic Relationship Manager with AB, formerly known as Alliance Bernstein, L.P., focused on developing and maintaining key relationships for many of AB’s largest retail partnerships. Prior to AB, Doug was a financial advisor with Morgan Stanley Smith Barney. Doug earned a B.S. degree from Bucknell University and is currently pursuing a M.B.A. at NYU’s Stern School of Business. He currently holds FINRA Series 7, 63, and 31 licenses.

“Doug comes to CION with extensive experience in successfully managing wirehouse and large regional broker dealer relationships, at a time when we are focusing on developing and accelerating additional distribution channels to complement our existing distribution capabilities,” said Douglas Crossman, Senior Managing Director – Head of Distribution for CION Securities, LLC.

### ABOUT CION

[CION](#) strives to level the playing field of investing by building better fund structures with true partnerships at the core and giving investors direct access to premier asset management historically only available to the largest institutions. Individual investors can now expect more for their portfolio.

CION currently sponsors [CION Investment Corporation](#), a leading non-traded BDC with approximately \$1.9 billion in assets under management and sponsors, through CION Ares Management, LLC, [CION Ares Diversified Credit Fund](#), a continuously offered interval fund that seeks to provide superior risk-adjusted returns across various market cycles by investing in a globally diversified portfolio of liquid and illiquid credit asset classes.
